# STRATEGIC INTENT OF SPORTS HUB INITIATIVE

- Establishing and optimising our world class facilities at Maybank Academy (MA) for staff's benefit and institutionalising it as a **learning, collaboration and wellbeing hub**. With the imminent move to a new corporate building, this step of reviving Maybank Academy as a central sporting hub will mitigate some of the challenges that we have in not having our dedicated sporting facility at the new building
- The well-being of our employees has always been a priority for Maybank and is constantly reinforced through a myriad of interventions, programmes and facilities aimed at nurturing a healthy and fit workforce primed to deliver their best
- Additionally, these activities can also serve as team-building exercises, fostering camaraderie and teamwork among colleagues and breaking silos. This can help improve communication and collaboration within the workplace, leading to a more positive and productive work environment.

# EXECUTIVE SUMMARY

- For FY2024, we will organise the Maybank Academy Sports League (MASL) as a platform for us to promote healthy lifestyle to staff.
- The league is targeted to be completed within a 6 months period subject to the total participation received. The games will be played on weekly basis (Saturday and Sunday).
- As a summary, promoting a healthy lifestyle through weekly activities can have numerous benefits for staff in Klang Valley. It can improve physical fitness, mental well-being, and team dynamics, ultimately leading to a happier and more engaged workforce.
